

**COMMONWEALTH OF PENNSYLVANIA
STATE IMPLEMENTATION PLAN SUBMITTAL FOR
PHOTOCHEMICAL ASSESSMENT MONITORING STATIONS (PAMS)**

The Commonwealth of Pennsylvania will implement a program of photochemical assessment monitoring stations (PAMS) as required by 40 CFR 58, as amended February 12, 1993. The Commonwealth will implement these requirements in any existing, reclassified or newly designated ozone non-attainment area classified as serious, severe or extreme. The PAMS stations will become part of the existing national air monitoring station (NAMS) network and State and local air monitoring station (SLAMS) network and will monitor ambient levels of the "criteria and non-criteria pollutants" and the meteorological parameters which are required by 40 CFR 58, as amended.

The Commonwealth of Pennsylvania will develop its PAMS network design, establish sites pursuant to 40 CFR 58, and initiate monitoring utilizing sampling methodologies in accordance with an approved network description and plan negotiated with the Environmental Protection Agency.

The PAMS network will meet the criteria stipulated by 40 CFR 58.41, the quality assurance requirements as contained in 40 CFR 58, Appendix A, and the monitoring requirements contained in Appendix C of 40 CFR 58.

The PAMS network will be phased in over a period of five years in accordance with 40 CFR Part 58.44 and Appendix D.

SUMMARY OF COMMENTS AND RESPONSES

AUGUST 1994

**COMMENTS RECEIVED ON THE PROPOSED REVISION ON THE
PENNSYLVANIA STATE IMPLEMENTATION PLAN FOR PHOTOCHEMICAL
ASSESSMENT MONITORING STATIONS (PAMS)**

**COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF ENVIRONMENTAL RESOURCES**

On August 1, 1994, the Department of Environmental Resources conducted a public hearing to receive comments regarding the implementation of a photochemical assessment monitoring stations (PAMS) as required by 40 CFR 58, as amended February 12, 1993. The proposed revision was published in the Pennsylvania Bulletin on June 18, 1994.

Only one person testified at the hearing and he did not provide copies of his written testimony by the closing date of September 1, 1994. His testimony primarily advocated the use of remote sensing and not the PAMS monitoring network in general.

Proposed Land Exchange Between Bureau of Forestry and Big Woods Land Company

The Commonwealth of Pennsylvania, through the Department of Environmental Resources (Department), Bureau of Forestry and Big Woods Land Company of McElhattan are negotiating an exchange of lands in Clinton County. This exchange is being considered to consolidate management activities and responsibilities in the Sproul and Bald Eagle State Forests.

The Department proposes to acquire all of a 618 acre parcel completely interior to the Sproul State Forest in Chapman and Grugan Townships. Known locally as the Hauck Tract, this property is traversed by Hyner Mountain Road and the upper reach of the East Branch of Hyner Run.

In return, Big Woods Land Company will receive two tracts containing a total of 358 acres. The first is a parcel of 143 acres situated in Wayne Township on the Simcox Road between Keller Reservoir and Old Pine Road. The second parcel is the Shaw Mountain Tract of 215 acres located in Crawford Township at the intersection of Old Pine Road and Shaw Mountain Road. These properties, both isolated from other contiguous Department ownerships, are currently being administered as part of the Bald Eagle State Forest.

As is the policy of the Department of Environmental Resources, the public is hereby notified of this proposed exchange. A 30-day period for public inquiry or comment will be in effect commencing June 20, 1994, and ending July 20, 1994. Oral or written comments or questions concerning this proposed exchange may be addressed to James R. Grace, State Forester, Bureau of Forestry, P. O. Box 8552, Harrisburg, PA 17105-8552, telephone (717) 787-2703. These oral or written comments will become part of the official document used in the final decision process.

If, in the duration of the 30-day comment period, a significant amount of public concern develops, the Secretary of the Department of Environmental Resources may schedule a public informational meeting.

Proposed Revision to the State Implementation Plan for Photochemical Assessment Monitoring

The Department of Environmental Resources proposes to submit, to the Federal Environmental Protection Agency (EPA), a revision to the Philadelphia portion of the Pennsylvania State Implementation Plan (SIP) for photochemical assessment monitoring (PAMS).

The Commonwealth will implement a program of photochemical assessment monitoring stations (PAMS) as

required under 40 CFR, Part 58, as amended February 12, 1993. The Commonwealth will implement the PAMS program in all areas designated by the 1990 Clean Air Act Amendments as nonattainment ozone classifications of "severe, serious, or extreme." The PAMS stations will become part of the existing National air monitoring station (NAMS) network and State and local air monitoring station (SLAMS) network. The network will monitor ambient levels of the "criteria and non-criteria pollutants" and meteorological parameters which are required by 40 CFR Part 58, as amended.

The Commonwealth will develop its PAMS network design, establish monitoring sites and initiate monitoring in accordance with an approved network plan negotiated with the EPA.

The PAMS network will meet the criteria stipulated by 40 CFR Part 58.41, the quality assurance requirements as contained in 40 CFR Part 58, Appendix A and the monitoring requirements contained in Appendix C.

Further information concerning the State's plans for implementing the PAMS rules may be obtained by contacting Ben A. Brodovitz, Department of Environmental Resources, Bureau of Air Quality Control, P. O. Box 8468, Harrisburg, PA 17105-8468.

A public hearing on this proposed SIP revision will be held at 11 a.m. on August 1, 1994, at DER—Southeast Regional Office, Lee Park Suite 6010 (Main Conference Room), 555 North Lane, Conshohocken, PA.

Persons wishing to present testimony at the hearing must contact Karen Matter at (717) 787-9495 or at the Harrisburg address given within this notice not later than July 22, 1994, to reserve time to present testimony. Oral testimony will be limited to 10 minutes for each witness and 3 written copies of the oral testimony must be submitted at the hearing. Each organization should designate one witness to present testimony on its behalf.

Persons interested in submitting written comments should send the comments to Ben A. Brodovitz, Chief, Division of Air Quality Monitoring, at the address given within this notice on or before September 1, 1994. Copies of the proposed monitoring plan may be obtained from the Bureau of Air Quality Control, Market Street State Office Building, 12th Floor, P. O. Box 8468, Harrisburg, PA 17105-8468, (717) 787-2347.

Persons with a disability who wish to attend the hearing, and require an auxiliary aid, service or other accommodation to participate in the proceeding, should contact Christina Novak at (610) 823-6028; or TDD users, the AT&T Relay service at 1 (800) 654-5984 to discuss how the Department can best accommodate their needs.
